We would like to thank our industry colleagues who worked on the development of this manual for their input, expertise, and commitment to consistently deliver the highest possible quality of draught beer to the consumer. If we overlooked anyone who contributed we sincerely apologize.

Special thanks are extended to Ken Grossman, President of Sierra Nevada Brewing Co. As the 2008 Chair of the Brewers Association Technical Committee, Ken galvanized the creation of this manual through a collaborative effort with the brewing community, and we appreciate the time and dedication he and his colleagues put forth to bring this project to fruition.
